

## Information about VISA-Application

If you are not an EEA (European Economic Area) or Swiss national, you need to apply for a residence permit. **The application must be made at the competent Austrian Embassy in your home country.**

If your Application for Admission to the University is approved, we will contact you as soon as we receive the **“Letter of Admission” (“Mitteilung”)**. Together with this Letter of Admission we will send you the **affidavit** and we will inform the competent Austrian Embassy.

With the letter of admission and the affidavit the student (it is important to indicate that he is a **student**) can apply for a **visa D** at the competent Austrian Embassy in order to enter Austria. At the same time the **Application for the Residence Permit (“Aufenthaltstitel” as a student)** must be submitted to the Austrian Embassy. The student will receive the card (“Aufenthaltstitel”) here in Innsbruck.
